

Correlation_FI

```
graph TD; A[Correlation_FI] --> B[Read_File]; A --> C[Calc_Coefficient];
```

A flowchart with a single parent node at the top labeled 'Correlation_FI'. Two arrows originate from the bottom center of this node and point downwards to two separate child nodes. The left child node is labeled 'Read_File' and the right child node is labeled 'Calc_Coefficient'. All nodes are white with black text and rounded rectangular borders.

Read_File

Calc_Coefficient
